## **“BEST START”**

### **What is Best Start all about?**

- ◇ The “Best Start” program provides an opportunity for children to further develop and practise some skills necessary for school. Language, fine and gross motor, literacy and numeracy readiness are a focus of the program. Children will participate in activities to assist their readiness to start formal work at the beginning of their Prep year.
  
- ◇ The “Best Start” program is designed to make sure your child is fully supported in their transition between kinder and primary school. We aim to have your child feeling safe and secure in the school environment before they begin school. The additional “school readiness” skills taught in “Best Start” will ensure they are off to a flying start at school!
  
- ◇ “Best Start” is also designed to be a supportive transition for families of students. Information about school processes and expectations will be provided throughout the term.
